About me

I worked as a programming teacher in the camp. I first heard about the web interface a couple of years ago. I like Front-end. Solving tasks and learning new things every day is great.

My goal is to become a Front-end developer.

Personal qualities: responsible, communicable, hardworking, punctual, purposeful, stress-resistant, good team worker.

Skills

Programming Languages: HTML, CSS, JavaScript, TypeScript.

Additionally: webpack, eslint, babel, sass.

I know a little: React.

Work experience

I am finishing Rolling Scopes School frontend courses.
